Passion in every drop

www.greenfieldsdairy.com

Every drop of milk is treated as a piece of art. We master every detail in the practice of our craftsmanship. We diligently pursue progress with distinction. We make no compromise in quality. We believe that every drop of our milk has greatness in it.

Passion
in every
drop

Greenfields operates the biggest integrated dairy business in South-East Asia. At Greenfields, we believe that excellence lies in every drop of milk and we strive to deliver the highest standard of quality.

Good Farms

Farms owned by Greenfields, professionally managed, with healthy and comfortable conditions for the cows.

Good Cows

Specially selected cows bred to international standards.

Good Nutrition

Made with milk from Greenfields Farms only.

Good Brand

Brand loved by families in Indonesia, Singapore, Malaysia, Hong Kong, Brunei, Philippines and other countries.

FRESH MILK

Freshness and natural nutrition are foremost on our mind in Greenfields. Greenfields provides the goodness of fresh milk with full-bodied taste of milk through the pasteurisation process. The quality milk produced by our cows is collected straight from our own farms through our automatic milking system, ensuring a no-hands-touch policy. This provides you the best freshness, which only Greenfields can offer.

OUR INTEGRATED DAIRY BUSINESS

Located at Malang Highlands of East Java, Greenfields Farm 1 is home to 9,200 Holstein Frisian cows and yields a production of 44 million litres per year. Greenfields, the largest dairy farms in South-East Asia, is designed and developed with the finest expertise in dairy farming by professionals from Australia and The United States.

Located at Palaan, Malang East Java, Greenfields runs its own integrated processing facility to ensure every glass of milk is fresh from farm to cup. The facility which has a daily processing capacity of 250 tons, is certified ISO 22000:2005 Food Safety Management System.

The latest addition to Greenfields' dairy business in 2018 is the second dairy farm located at Wlingi village in Blitar, East Java. Spread across 172 hectares of land, it can house up to a total number of 10,000 dairy cows to produce up to 45 million litres of milk annually. With the new farm, Greenfields expands its ability to supply fresh nutritional goodness to milk lovers around the world.
